INTRODUCTION

I am a dedicated, self-taught full-stack web developer proficient in both backend and frontend programming, with in-depth knowledge learning MERN stack technology. My enthusiasm lies in crafting innovative solutions, and I bring a wealth of experience to the table in backend and frontend development. Also, I like to learn Object-oriented Programming and DSA.
Currently, I am pursuing BTech in Computer Engineering at MIT Academy of Engineering.
I am passionate about staying updated on industry trends and continuously expanding my knowledge base.
